A verbal presentation was provided by Simon Sherbersky of Belong Network with an update on Community Cohesion issues and Stakeholder Placements.

A slide presentation was provided by Dave Jolly of FCC regarding 'Flintshire Thriving Together' collaboratively working together so across Flintshire people can live their best life. He stressed that this presentation and information is not to be shared with the public.

FCC is conducting a six month pilot project with Mold which will then be reviewed to see how this needs to be imbedded longer term. There will initially be Community workshops which will identify group demographics to ensure they have a voice and to encourage people across Flintshire to get involved with their communities.

A Partnership Board is being established with 2 representatives from each Key Stakeholder. Mold Town Council has been asked to appoint 2 members from the Council. A monthly update will be given to Mold Town Council.

Members were invited to ask questions after the presentation and those questions were answered. Dave Jolly (FCC) noted that there will be no FCC representatives on the Partnership Board. The ambition is that the Board will be led by someone from the Cabinet.

Members requested for Mold Town Council to have a representative from each Ward since each Ward has differing issues. Dave Jolly (FCC) replied that the 'Flintshire Thriving Together' Mold Pilot Partnership Board is limited to 2 representatives from each key stakeholder.

Members thanked Dave Jolly (FCC) and Simon Sherbersky (Belong Network) for presenting the 'Flintshire Thriving Together' Mold Pilot project and answering their questions. Members will have a discussion about the project and representatives.

58. PUBLIC SPACES PROTECTION ORDER (PSPO) CONSULTATION

Councillor Nanette Davies declared an interest and withheld from the discussion.

Members **considered** the proposed Public Spaces Protection Order consultation affecting Mold.

RESOLVED:

Following a discussion, Members **approved** Mold Town Council's formal response to the consultation for submission to Flintshire County Council that:

Town Clerk to respond to the consultation on behalf of Mold Town Council as to the following points:

Dog Control PSPO

- Requirements to Place a Dog on a Lead When Required by an Authorised Officer – is this provision necessary as a standalone requirement and Mold Town Council would welcome clarification on who is considered to be an “authorised officer” for the purpose of enforcing this Order.
- Mold Memorial Gardens – Mold Town Council **does not** support the continued prohibition of dogs from entering Mold Memorial Gardens. Instead, the Council believes dogs should be permitted within the Gardens provided they are kept on a lead at all times.
- Naming of Mold Memorial Gardens – The Council would also like to raise a separate issue regarding the naming of this location. The inconsistency of several names regularly causes confusion amongst residents when referring to consultations or official documentation. Mold Town Council therefore requests that Flintshire County Council undertakes a consultation and reaches an official agreement on the name of the park.

Alcohol Control PSPO

- Mold Town Council fully supports the continuation of the Alcohol Control PSPO and agrees with the proposed renewal of the current arrangements.
